

EDUC 8360 : Proposal Seminar

This course navigates the student through the proposal development process. With a focus on describing the problem statement, critically exploring the multiple perspectives in the literature and presenting a discussion on the appropriate methodology to conduct inquiry. During this course, the student demonstrates a command of both the topic area and the methodologies involved in conducting the research project. The student is guided to bring together the knowledge, skills and insights to develop a full dissertation research proposal. This course is designed to ensure the research design includes scholarly references, demonstrates a thorough understanding of research design and analysis, and clearly identifies the gap in the literature that is being addressed with the research.
