

EDUC 8371 : Residency II

The purpose of the residency is to provide students the opportunity to increase their knowledge and understanding of the areas they encounter in practical and problem-filled situations in everyday practice. It is a supervised field-based experience on engaging the mission of the organization, centering on systemic reform, strategies organizations can use to advance the goal of equity, and financial planning and budgeting to maximize use of resources. In addition to being enrolled in graduate school, a student must include activities approved by his/her doctoral advisor that are both research and scholarly based. A final reflective paper will be submitted at the end of the residency.
