

FC 6326 : Christian Leadership

This leadership course will afford the student the opportunity to study, analyze, and acquire the attitudes and habits of leadership in the style of Jesus of Nazareth. It will provide the student with the vision, values, attitudes, and behaviors that any Christian leader must espouse for effective leadership either in the religious or the secular context. While much good can be found in contemporary leadership management courses, far more than management skills is expected of a leader who follows Christ.
