

YLSD 6304 : Theological Anthropology

Theological Anthropology examines the Christian understanding of the human person before God by reflecting on the doctrines of creation, sin, grace, liberation and hope. This course will provide a study of the human person in the light of Christian revelation as created in the image of God, fallen through original sin and restored in Christ through grace. The course will offer a systematic discussion of grace, justification, good works and merit in the history of theology with an orientation to contemporary ecumenical dialogue.
