

## 2023-2024 Catalog

### Education: School Counselor Education

Master of Education

**Program**

School of Education and Human Services (SEHS)

The School Counselor Education Program prepares students to qualify as professional school counselors. The 48- hour Professional School Counselor M.Ed. program is designed for those with 2 years of teaching experience. All of the Counselor Education Program courses probe the dynamics of language, privilege, oppression, interpersonal relationships, including those related to ethnicity, race, class, gender, and distinctive populations. In addition, the Counselor Education Program considers pertinent professional, ethical, and legal issues in professional school counseling. Research in professional counseling, role-playing, and in vivo experiences are included in the Counselor Education Program. This program meets the Texas Education Agency course requirements for professional school counselors. These requirements are subject to change by the State of Texas, SBEC, and/or TEA.

**Total Credits 30**
